TO ALSO INCLUDE AN UPDATE ON THE STATUS OF THE ACTION LIST.</b> A copy of the Chairs report had been sent to all members and was accepted with no questions being asked. 7 items were added to the report and are listed below.	

- 1) With all the developments in the Southeast of England and the increase in population pressure is being put on the water companies to provide sufficient water for all our needs, therefore Water Resources South-East are holding a meeting via Meeting Teams tomorrow (1350-1500) to discuss its **Water Resources Management Plan** which is now out for consultation until 20<sup>th</sup> February 2023. As the possible lack of water has been floated pass us in the past, I shall be watching this meeting and report back with a view to completing this consultation on behalf of Angmering.
- 2) **At Angmering @ Christmas, a resident**
  - a. asked if there was any way in which we could have the foliage on the flint wall opposite the cottages on Weavers Hill cut back to improve the line of site for motorists and pedestrians. – **Landowner to be contacted**
  - b. commented on the condition of the flint wall and gap opposite Cumberland Crescent and do we know if this will be replaced as was. **When construction is completed, the wall will be replaced but will still have an access opening for emergency vehicles only**
- 3) With the need for more parking spaces in the village centre, a suggestion has been made that **re-ordering the area outside Big Fry etc** could increase the number of parking spaces by two or three. This idea was suggested many years ago but never acted upon, so I will write a report to WSCC for their reaction.  
- Discussed
- 4) **Angmering Advisory Committee**  
Meeting was held on Thursday 1<sup>st</sup> December 2022 – Nikki reported on the content of the meeting
- 5) Hearing of A/153/22/OUT **Broadlees Development** for 20 dwellings. Approved
- 6) **Hérons Farm, Dappers Lane** – Complaints have been made regarding the mud and parking on Dappers Lane at this construction site. ADC have been in contact with the site manager who has assured her that mud will be cleared, and more parking spaces have been found on site.
- 7) Latest news from Government that the PM intends to scrap **housebuilding targets**. We await to see what affect this will have on Angmering.

## 5 22/138 PUBLIC CONSULTATION

One member of the public explained the dangerous situation for pedestrians outside School House on Church Hill opposite Fletchers Field. It was explained that this is a situation that has been discussed in the past at Council with efforts to get WSCC to do something about it. It was agreed that the location could not be re-ordered as the cost would be prohibitive and effect the setting of the Conservation Area, a Flint Wall and the Grade II listed buildings on that part of the road. Although there are plenty of signs which tell vehicle drivers that the speed limit in that area is 20mph this is often ignored – County have explained on many occasion that until the impact of the upgrade of the A259 is known with regard to “rat

running” within the village and Arundel Road in particular no action could be taken, however, it was noted that the flashing 20mph sign which was affective has not worked for many years despite repeated calls to WSCC to do something about repairing that sign – today it has been confirmed that a maintenance team will be visiting the site to investigate the problem and repair. It was also noted that traffic in the opposite direction do not have such a sign and a suggestion was made to have one installed.

The other member of the public mentioned about speeding in Downs Way and the fact that he was there to observe the meeting with the potential to become a Councillor.

2 members of the public left at 8:00pm

This application is being heard at the Planning Meeting on 8<sup>th</sup> December. We did previously make comment to object due to the increase in traffic that this relocation will make and the effect such an increase could have on Angmering

**Angmering Cycle Paths and Pathways** – As previously stated at the last meeting hedges etc needed to be worked on. This has now been done by the Groundsman. The issue along Water Lane has been reported to WSCC and we are awaiting the work to be completed.

18      **22/151 NATIONAL BUS STRATEGY (BUS BACK BETTER)**

A discussion took place and it was agreed that APC as a council would not be able to answer the questions posed.

19      **22/152 TRANSPORT SURVEY – RESPONSE TO BUS ENHANCEMENT PARTNERSHIP**

A long discussion took place on the results of the transport survey, with regards to the questions asked about buses. It was agreed that the results showed that residents wanted buses to run later into the evening and at weekends.

The bus extension proposed by EP would only run until 2/3pm and would not be at weekends. The proposal would cost APC £12,000 for the trial year period.

The money spent would not allow for the needs of the residents to be met, according to survey results. The committees recommendation is that this expansion is not entered into.

The issues with buses was discussed further and it was suggested that a meeting is asked for in the new year with WSCC and the bus companies to enable an open and honest conversations about the results of our survey and the needs/demands of Angmering residents.

Cllr. Hobson stated that the answers from the survey did not include enough details information for bus companies to be able to extend their services and more work would be needed to ensure any changes were financially viable. It would be beneficial to know usage numbers for the services already provided.
